

DR KATRE PREMIX LAB PVT LTD

AN ISO 9001:2015 & ISO 22000:2018 CERTIFIED ORGANISATION

PRODUCT CATALOGUE

ABOUT US

Dr Katre Premix Lab Pvt Ltd. is engaged proactively for supporting human and animal wellbeing. Feed and feed supplement is an essential part of food chain responsible for human and animal health. Therefore attempting to supply safe and quality feed premixes to cattle / Poultry/ Aqua Farms and feed manufacturing units.

Our Company's Objective is to support feed industry in manufacturing quality & safe feed for Cattles, Poultry/ birds and aqua-species. The premixes are developed with cost effective formulations for good growth, productivity, immunity to achieve good health, improve mortality and improve quality of animal products etc.

Combining the best of Industry experience, knowledge and available science, we deliver scientifically validated, effective, safe, and consistent animal healthcare products.

The concept of natural & herbal raw material use for manufacturing feed premixes was induced from over 35 years' experience in organic produce cultivation and certification field. It has been proved that natural material have better acceptance and efficiency to living being in comparison to synthetic materials.

The products are being manufactured in Famiqs certified plants. The company has introduced the herbal and natural origin range of products for animal healthcare.

OUR MISSION

To Support Animal Healthcare Through Use Of Innovative Solutions To Maximize Productivity.

COMPANY FEED SAFETY AND QUALITY POLICY

Management and the Employees of Dr Katre Premix Lab Pvt Ltd are committed to supplying with safe and high quality products at all times. All of our products will meet or exceed the requirements as set forth by our customers and all governing and regulating agencies.

We will strive to continuously improve our Feed Safety & Quality Management Systems. This includes setting targets, the monitoring and measurement, as well as effective communication between staff and our customers. We are committed to providing the proper resources, staffing and training to support our Feed Safety and Quality Systems. Each employee has the responsibility to report feed safety and quality issues and bottlenecks for timely action.

OUR VALUES

- ✓ **TRANSPAENCY**
- ✓ **TRUST**
- ✓ **HONESTY**
- ✓ **MUTUAL BENEFICIAL RELATIONSHIP**
- ✓ **VALUE FOR TIME**
- ✓ **VALUE FOR MONEY**

RUMINANT PRODUCTS

RuMin

A Mineral Mixture (ALSO BIS STD)

BENEFITS-

- RuMin is mixture of important minerals as per specified composition which contains minerals for supplementation.
- Overcome nutrient deficiencies of minerals which may affect the development and functions of different organs, either directly or indirectly.

DOSAGE-

- Large animal: 30-50 gms/day.
- Small animal: 15-20 gms/day.
- Premix in feed: 1-2 kg/100 kg of feed.
- or as advised by Nutritionist / Veterinarian

Calcium, Phosphorus, Iron, Copper, Cobalt, Iodine and Sodium chloride

PACKING-

**1 KG Pack
5 KG Pack
25 KG Pack**

GoldMin

Trace Minerals

(ALSO BIS STD)

BENEFITS-

- **Helps improving growth rate in calves.**
- **Better utilization of absorbed nutrients.**
- **Increases milk production in animals.**
- **Improves reproductive efficiency and reduces inter- calving period.**
- **Increases productive life of animals.**
- **Improves immunity status**

DOSAGE-

- **Calves-20-25gms daily**
- **Heifers and dry animals-50gms per animal daily**
- **Milking Animals-100-200gms per animal daily (As Per Milk Production)**
- **1.5KG/MT Feed or as advised by Nutritionist / Veterinarian**

Iodine,Zinc,Copper,Cobalt,Iron,Selenium,Magnesium,,Sulphur, Chromium,Molybdenum

PACKING:

1 KG Pack

5 KG Pack

25 KG Pack

ChelMin

Chelated Minerals

(ALSO BIS STD)

BENEFITS-

- Enhances production & performance.
- Ensures appropriate trace element content in feed.
- Higher pH stability.
- Promotes better growth of birds.
- Prevent nutritional deficiency.
- Regulates hormonal balance.
- Helpful in stress conditions.

DOSAGE-

Cow and Buffalo: 50gms per day/per animal to be mixed in the feed for maintenance and for improved fertility.

Calf, Sheep and Goat: 25-30gms per day/animal to be mixed in the feed for better weight gain.

Pig: 25-30gms per day/per animal to be mixed in the feed for better weight gain and maintenance or as advised by Nutritionist / Veterinarian.

PACKING-

25 kg bags

PRODUCT- COMBINATION OF CHELATED MINERALS

ChelMin Zn

ChelMin Mn

ChelMin Fe

ChelMin Cr

ChelMin Co

CalciumPeak

(Calcium Supplement)

BENEFITS-

- Helps in strengthening bones and muscle tone
- Helps in enhancing egg quality and quantity
- Helps in improving productivity and performance
- Helps to protect from liver ailments
- Helps to support healthy laying process.

DOSAGE & COMPOSITION-

Orally through feed or as drench

Cattle-100 gm daily

Calves-20 gm daily

1-2 KG/MT Feed or as advised by Nutritionist / Veterinarian.

Mixture of Calcium, Phosphorus, Vitamin D3 and B12

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack

FeedLife

(Increase Feed Shelf Life Through Control Of Molds, Virus, Worms)

BENEFITS-

- **Acidification and Sanitization of formulated feeds and raw materials.**
- **High ability in inhibiting possible Gram -ve and Gram +ve bacteria, moulds, yeasts and viruses.**
- **Improvement of the quality of intestinal flora of the animals.**
- **Complete sanitation of digestive tract of the animals achieves improving their health status.**
- **Neutralise and expell Tape Worms, Round Worms, Thread Worms and Hook Worms in a natural and stress free way.**
- **Completely safe and free from any negative side effects.**

DOSAGE & COMPOSITION-

Orally through feed or as drench

Cattle-100 gm daily

Calves-20 gm daily

1-2 KG/MT Feed or as advised by Nutritionist / Veterinarian.

Blend of Propionic, Formic and Acetic acid with Essential oil and Formaldehyde.

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack

EnzyMax

(FCR, Digestion and Milk Production)

BENEFITS-

- Helps to improve Feed Conversion Ratio and growth rate.
- Helps to overcome from ruminal disorder.
- Aid as better digestion and appetite.
- Immune system stimulation.
- Adds a barrier against microbial infections.
- Helps in boosting body weight and growth.
- Helps in increasing egg output and quality.
- Helps to keep free from gut toxins.
- Boosts digestive Enzyme formation.
- Enhance nutrient absorption.

DOSAGE & COMPOSITION-

Orally through feed or as drench

Cattle-50 gm daily

1-2 KG/MT Feed or as advised by Nutritionist / Veterinarian.

Mixture of Calcium, Phosphorus, Vitamin D3 and B12

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack

FeedBind

(A Pellet Binder & Conditioner)

BENEFITS-

- **Lowers the broken/powder % in final products**
- **Lowers the energy cost.**
- **Improves production rate.**
- **Improves palatability**

DOSAGE & COMPOSITION-

On an average 2.5 kg FeedBind is added per MT of finished mash feed meant for pelleting or as advised by Nutritionist / Veterinarian.

Blend of ILLITES and Sodium Calcium Aluminosilicate.

PACKING-

1,5 & 25 KG Bag

ToxArrest

(Supplement To Eliminate Toxins)

BENEFITS-

- **ToxArrest is compatible with all feed ingredients and is user friendly.**
- **Prevents Molds & Mycotoxins in Dairy Cattle Feeds.**
- **Protects Dairy Cattle Feed.**
- **Protects Dairy Animals.**
- **Protects Milk.**
- **Protects Milk Consumers, Animals & Humans.**
- **Strengthens feed pellets through better gelatinization of starch and melting of protein during palletization.**
- **Lowers powder formation in pelletizing process.**
- **Saves energy in manufacturing pelleted feed.**
- **Increases pellet production rate.**

DOSAGE-

Incorporated in the cattle feeds viz mash or pellets @ 1.5 to 2.5 kg/MT, it kills the live fungus and inactivates approximately 95% aflatoxins present in the contaminated feed or as advised by Nutritionist / Veterinarian.

Kilned formulated hydrated sodium calcium magnesium aluminosilicate blended with potent antifungals.

PACKING-

1 KG Pack
5 KG Pack
25 KG Pack

HERBAL RANGE

HerbCal (Herbal Source Of Calcium)

BENEFITS-

- Replenishes the daily loss of calcium thus maintains, optimum milk production.
- Provides nutrition to fetus & animal for healthy pregnancy.
- Increases fat percentage and S. N. F. of milk.
- Ideal for improving fertility and breeding efficiency.
- Helps in efficient utilization of absorbed nutrients to produce more milk
- Improves health & vigour.

DOSAGE-

- Adult lactating animals:
50-100 gm/day
30-50 gm/day
- 1.5 to 2.5 kg/MT Feed or as advised by Nutritionist / Veterinarian.

PACKING-

1 KG Pack
5 KG Pack
25 KG Pack

HealthTotal

(Herbal Immune Booster & Promotes Immunoglobulins IgG Count & Immunity)

BENEFITS-

- Natural way to protect from stress.
- Helps in improving immunity & growth.
- Helps to promote feed and nutrient absorption.
- Reduces recovering period.
- Improves vaccination efficiency.

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Calendula, Tinospora, Withania, Azadiracta, Panax ginseng, Ocimum, Piper longum, Emblica, Arnica, Echinacea purpurea, Calcium Carbonate, Zingiber

PACKING-

1,5 & 25KG Bag

SuperHealthTotal

(Powerful Herbal Immune Booster & Promotes Immunoglobulins IgG Count & Immunity)

BENEFITS-

- Excellent solution for Immunity Disorder.
- Essential for blood corpuscle formation, immunity development.
- Contains many minerals in assimilable form.
- Natural way to protect from stress.
- Helps in improving immunity & growth.
- Helps to promote feed and nutrient absorption.
- Reduces recovering period.
- Improves vaccination efficiency.

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25KG Bag

SuperWormProtect

(Powerful Herbal Solution For Deworming)

BENEFITS-

- Neutralise and expell Tape Worms, Round Worms, Thread Worms and Hook Worms in a natural and stress free way.
- Completely safe and free from any negative side effects.
- No drop in production
- Cost effective

DOSAGE & COMPOSITION-

Can be given through feed or by drenching ; 60 to 80 mg per Kg of Body Weight for one full day ;
repeat for one more day
Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25KG Bag

Coccideter

(Herbal Anti Coccidial)

BENEFITS-

- Improves intestinal health
- Improves body weight, production & performance
- Improves digestion and gut functioning
- Improves product quality.
- Improves immunity level
- Improves stress resistance.

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Punica granatum ,*Aegle marmelos* ,*Tinospora cordifolia*,*Acacia catechu* ,*Holarrhena antidysentrica*,*Salmalia malabarica*,*Trachyspermum ammi*,*Calotropis procera*,*Zingiber officinalis*,*Berberis aristata*

PACKING-

1,5 & 25KG Bag

SuperCoccideter

(Powerful Herbal Anti Coccidial)

BENEFITS-

- Terminates all species of coccidial without causing any negative side effects.
- Specific focus on the intestinal tract immunity development.
- Improves intestinal health.
- Improves body weight, production & performance
- Improves digestion and gut functioning
- Improves product quality.
- Improves immunity level
- Improves stress resistance
- Does not allow the ingested coccidial to penetrate the linings of the intestine & further

DOSAGE & COMPOSITION-

Mix 1- 1.5 kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25KG Bag

HerbDigest

(Herbal Appetite Stimulant & Digestive Health)

BENEFITS-

- **Boosts Digestive Enzymes.**
- **Increases Weight gain.**
- **Protects from Aflatoxicosis.**
- **Stimulates Appetite.**
- **Enhances output.**
- **Liver Protectant.**

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Rumen stable enzymes, Lactobacillus sporogenous , Saccharomyces cerevisiae , Mannan Oligosaccharides, Live yeast, Pueraria tuberosa, Hemidesmus indica, Phyllanthus niruri , Terminalia chebula , Andrographis paniculata , Trachyspermum ammi , Pimpinella anisum , Zingiber officinalis , Leptadenia reticulata , Boerhavia diffusa , Eclipta alba , Sindhav salt, Beed Lavan

PACKING-

1,5 & 25KG Bag

GoldLiv

(Herbal Formula For Liver Health)

BENEFITS-

- **To combat toxins. Controls aflatoxicosis.**
- **To improve the body resistance.**
- **To attain uniform growth and sexual maturity.**
- **To boost up liver.**
- **To check leg weakness.**
- **To improve feed conversion.**
- **To have better livability.**

DOSAGE & COMPOSITION-

1.5 KG-2 KG/MT Feed

or as advised by Nutritionist / Veterinarian.

Carduus marianus, Tephrosia purpurea ,Cichorium intybus, Picrorrhiza kurroa, Phyllanthus niruri ,Eclipta alba, Boerhaavia diffusa, Andrographis paniculata ,Solanum nigrum, Terminalia chebula.

PACKING-

1 KG PACK

5 KG PACK

25 KG PACK

(Herbal Formula For Proper Involution Of Uterus & Vagina)

BENEFITS-

- Helps to reduce inflamed prolapsed parts to its normal size when applied topically.
- Effective in both prepartum and post partum prolapse.
- Safe for pregnant livestock.
- Helps in the proper involution of uterus & vagina to its anatomical position.
- Increases uterine muscle tone and strengthen uterus thus reduces the chances of reoccurrence.

DOSAGE & COMPOSITION-

Cow / Buffalos:

200 gm twice a day

Sheep/Goat:

50 gm twice a day.

Or as advised by Nutritionist / Veterinarian.

Quercus Infectoria, Vachellia Nilotica, Phanera Variegata, Oxalis Comiculata, Rubia Cordifolia, Aconitum Ferox, Punica Granatum, Sugar, Gmelina arborea.

PACKING-

- **5 KG**
- **10 KG**
- **25 KG**

MilkoSole

(Herbal Formula For Maximum Output Of Milk)

BENEFITS-

- Increases the vascularity of the mammary parenchyma.
- Stimulates the physiological process for lactation.
- Stimulates the lacticiferous tissues of mammary glands.
- Ensures smooth and complete flow of milk.

DOSAGE & COMPOSITION-

Ewe & Goat :10–15 gm twice daily

Cow & Buffalo : 40–50 gm twice daily

2 kg / ton of feed

Or as advised by Nutritionist / Veterinarian.

Silybium Marianum,Asparagus racemosus,Dioscorea
Deltoid,Cyperus rotundus,Anethum sowa,Pureraria
tuberosa,Leptadenia reticulate,Zingiber Officinalis,Pimpinella
anisum,Boerhavia diffusa ,Vitis vinifera.

PACKING-

5 KG Pack

10 KG Pack

25 KG Pack

CufFree

(Herbal Respiratory Formula)

BENEFITS-

- **Keep mucous free respiratory tract**
- **Strengthen respiratory tract**
- **Ease breathing**
- **Immunomodulator**
- **Anti-stressor**
- **Growth and weight gain**

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Eucalyptus globulus, Achorus calamus, Adhatoda vascka, Glycyrrhiza glabra.

PACKING-

1,5 & 25KG Bag

SuperCufFree

(Powerful Herbal Respiratory Formula)

BENEFITS-

- Works as an bactericidal & expectorant and helps build mucosal immunity.
- Beneficial in controlling pathogens and improves lung score.
- Keep mucous free respiratory tract
- Strengthen respiratory tract
- Ease breathing
- Immunomodulator
- Anti-stressor
- Growth and weight gain.

DOSAGE & COMPOSITION-

40 to 60 mg per kg of body weight per day/1-2 Kg per MT of prepared feed .

In challenge / outbreak, above dosages should be doubled (it is safe at increased dosage) for at least 10 days or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25KG Bag

LysiHerb

(Herbal Source For Lysine)

BENEFITS-

- **Helpful in optimum cell synthesis hence it provides basic building blocks for newer cells.**
- **Improves metabolism & feed utilization ratio and results in better feed conversion, growth and productivity.**
- **Enhance effective weight gain & better quality of eggs in Layers.**
- **Enhance Body resistance & Immunity.**
- **Healthy digestion, energy production & detoxification.**
- **Improves liver functioning.**

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Oryza sativa, Andrographis paniculata, Azadirachta indica, Ocimum sanctum.

PACKING-

1,5 & 25KG Bag

DeoxyPlus

(Herbal Antioxidant)

BENEFITS-

- It is free flowing and gets evenly distributed in the feed & is cost effective.
- It prevents free radical formation in the feed.
- It absorbs any free radicals that are formed & prevent propagation.
- It ensure thorough and complete diffusion dispersion in feed.
- It increases feed efficiency.

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Emblica officinalis, Citrus limon, Citrus sinensis, Ocimum basilicum, Carica papaya

PACKING-

1,5 & 25KG Bag

AgpPlus

(Herbal Formula For Gut & Intestine Health)

BENEFITS-

- Good to scavenge oxygen free radicals
- Good for better egg yield and quality
- Good to protect from risk of harmful parasites.
- Healthy G.I.T management.
- Good for healthy gut functioning
- Good to stimulate respiratory system
- Good to maintain immunity and resist stress

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Spearmint, Oreganum, Coriandrum sativum, Turmeric, Ginger, Onion.

PACKING-

1,5 & 25KG Bag

HeatProtect

(Herbal Anti Heat & Stress With Growth Promoter)

BENEFITS-

- **Natural energizer**
- **Supports stress adaptation**
- **Maintains acid-base balance**
- **Reduces mortality rate**
- **Helpful in various stress like cold, hot & oxidative**
- **Adaptogen**
- **Helps normalize glucocorticoid levels**
- **Detoxifier**
- **Improve FCR**

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist/ Veterinarian.

Mangifera indica, Mentha piperita, Ocimum basilicum, Withania somnifera, Bacopamonnieri, Emblica officinalis, Convolvulus alsinoides.

PACKING-

1,5 & 25KG Bag

C Total

(Rich in Vitamin C)

BENEFITS-

- **Better hatchability & fertility in breeder birds.**
- **Useful as an antioxidant & free radical scavenger.**
- **Complete antistress manager.**
- **Helps in maintaining cellular health.**
- **Excellent enhancer of Immunity through phagocytic activity & formation of antibodies.**

DOSAGE & COMPOSITION-

100g per ton of feed or as advised by Nutritionist / Veterinarian.

Citric limon, Psidium guajava, Emblica officinalis, Citrus sinensis, Spearmint

PACKING-

1 KG Pack
5 KG Pack
25 KG Pack

MetHerb

(Herbal Source For Methionine)

BENEFITS-

Natural & very stable compensates the marginal deficiency of protein in the feed usage.

For optimizing growth, for better FCR, to optimize egg production & egg size in commercial layers & breeders.

Improve Vitality.

Better bioavailability and economics.

DOSAGE & COMPOSITION-

It replaces the usage of synthetic dl-Methionine.

1.5kg/ton of feed or

To be included feed as per advise of Nutritionist / Veterinarian.

Asparagus recemosus, Andrographis paniculata, Zea Mays, Ocimum sanctum

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack

CholHerb

(Herbal source for Choline)

BENEFITS-

- To maintain secretion of bile at optimum levels and to help prevent liver enlargement, fatty infiltration of liver and fatty liver condition.
- To maintain growth, FCR, egg production, livability and hatchability.
- To provide optimum quantity of Natural Choline required to maintain health, production and to control fatty liver syndrome.
- To maintain optimum mobilization of hepatic fat and transportation of lipids from liver to adipose tissue.

DOSAGE & COMPOSITION -

**500 gm can replace 1 kg of synthetic choline chloride or
To be included in feed as per advise of Nutritionist / Veterinarian.**

**Ocimum sanctum, Andrographis paniculata, Silybum
marianum, Glycine max, Azadirachta indica**

PACKING-

**1 KG Pack
5 KG Pack
25 KG Pack**

MONOGASTRIC PRODUCTS

(POULTRY, PIGS, PETS)

MonoMin

A Mineral Mixture (ALSO BIS STD)

BENEFITS-

- MonoMin is mixture of important minerals as per specified composition which contains minerals for supplementation.
- Overcome nutrient deficiencies of minerals which may affect the development and functions of different organs, either directly or indirectly.

DOSAGE-

- Layer & Broiler: 30-50 gms/day.
- Starter: 15-20 gms/day.
- Premix in feed: 1-2 kg/100 kg of feed or as advised by Nutritionist / Veterinarian

Calcium, Phosphorus, Iron, Copper, Cobalt, Iodine and Sodium chloride

PACKING-

**1 KG Pack
5 KG Pack
25 KG Pack**

GoldMin

Trace Minerals

(ALSO BIS STD)

BENEFITS-

- **Helps improving growth rate in birds.**
- **Better utilization of absorbed nutrients.**
- **Increases egg/meat production in birds.**
- **Increases productive life of birds.**
- **Improves immunity status.**

DOSAGE-

- **50-100gms per bird daily**
- **1.5KG/MT Feed or as advised by Nutritionist / Veterinarian**

Iodine,Zinc,Copper,Cobalt,Iron,Selenium,Magnesium,,Sulphur, Chromium,Molybdenum.

PACKING:

1 KG Pack
5 KG Pack
25 KG Pack

ChelMin

A Chelated Trace Mineral

(ALSO BIS STD)

BENEFITS-

- Ensures appropriate trace element content in feed.
- Enhances production & performance.
- Higher pH stability.
- Promotes better growth of birds.
- Prevent nutritional deficiency.
- Regulates hormonal balance.
- Helpful in stress conditions.

DOSAGE-

Mix 1.5KG/MT of Poultry Feed or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25 KG Bag

PRODUCT- COMBINATION OF CHELATED MINERALS

ChelMin Zn

ChelMin Mn

ChelMin Fe

ChelMin Cr

ChelMin Co

AcidiPlus (An Acidifier)

BENEFITS-

- **Feed Preservation**
- **Reliable Protection from Spoilage**
- **Targeted Reduction of Harmful Bacteria & Fungus**
- **Long Term Control of Salmonella E. coli & other harmful bacteria**
- **Support of Optimum Performance**
- **Favour of Intestinal Flora Viz. Lactobacillus**

DOSAGE-

- **To Check mould growth in feed:**
Upto 12% moisture: 250ml/MT of feed
Above 12% moisture: 500ml/MT of feed
- **For feed acidification & control of harmful intestinal bacteria:**
1-2 lit/MT of feed
- **To guard against salmonella:**
3-5 lit/MT of feed
or as advised by Nutritionist / Veterinarian.

PACKING-

1 LTR PACK
10 LTR PACK
50 LTR PACK
200 LTR PACK

Toxarrest (A Toxin Binder)

BENEFITS-

- It helps to form a stable complex with mycotoxins and radicals.
- Reduces mycotoxin levels in animal products
- Detoxifies feeds and raw materials
- Neutralises mycotoxins and radicals.
- Protects animals against mycotoxicosis.
- Does not require withdrawal periods.
- Also contains high adsorbent minerals.
- Slows down the feed passage in the intestine.
- Reduces the in vivo bioavailability of mycotoxins for gastrointestinal absorbance.
- Protects cell against oxidation by radicals.
- Selected blend of organic acids used in toxin binders controls harmful bacteria and fungus in the feed and in the intestine of animals. Organic acids also act as a gut acidifier to protect friendly bacteria for gut health.

DOSAGE-

To be thoroughly mixed in the finished feeds @ 0.1 to 0.5%.
An average inclusion level of Toxarrest @ 2.5 kg. /ton of finished feeds recommended continuously in the humid season and 1 to 1.5 kg. /ton of feeds throughout dry season in Poultry Cattle & Aqua feeds or as advised by Nutritionist / Veterinarian.

For higher levels of contamination an increased level of Toxarrest up to 5kg. /ton of finished feeds will be required.

PACKING-

1,5 & 25 KG Bag

FeedLife

(Increase Feed Shelf Life Through Control Of Molds, Virus, Worms)

BENEFITS-

- **Acidification and Sanitization of formulated feeds and raw materials.**
- **High ability in inhibiting possible Gram -ve and Gram +ve bacteria, moulds, yeasts and viruses.**
- **Improvement of the quality of intestinal flora of the animals.**
- **Complete sanitation of digestive tract of the animals achieves improving their health status.**
- **Neutralise and expell Tape Worms, Round Worms, Thread Worms and Hook Worms in a natural and stress free way.**
- **Completely safe and free from any negative side effects.**

DOSAGE & COMPOSITION-

Orally through feed or as drench

1-2 KG/MT Feed or as advised by Nutritionist / Veterinarian.

Blend of Propionic, Formic and Acetic acid with Essential oil and Formaldehyde.

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack

CalciumPeak

(Calcium Supplement)

BENEFITS-

- Helps in strengthening bones and muscle tone
- Helps in enhancing egg quality and quantity
- Helps in improving productivity and performance
- Helps to protect from liver ailments
- Helps to support healthy laying process.

DOSAGE & COMPOSITION-

Orally through feed or as drench

Poultry-40 gm daily

1-2 KG/MT Feed or as advised by Nutritionist / Veterinarian.

Mixture of Calcium, Phosphorus, Vitamin D3 and B12

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack

EnzyMax

(Enzymes For FCR,Digestion and Egg Production)

BENEFITS-

- **Helps to improve Feed Conversion Ratio and growth rate.**
- **Aid as better digestion and appetite.**
- **Immune system stimulation.**
- **Adds a barrier against microbial infections.**
- **Helps in boosting body weight and growth.**
- **Helps in increasing egg output and quality.**
- **Enhance nutrient absorption.**
- **Helps to keep free from gut toxins.**
- **Boosts digestive Enzyme formation.**

DOSAGE & COMPOSITION-

Orally through feed or as drench

Poultry-20 gm daily

1-2 KG/MT Feed or as advised by Nutritionist / Veterinarian.

Mixture of Calcium, Phosphorus, Vitamin D3 and B12

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack

FeedBind

(A Pallet Binder & Conditioner)

BENEFITS-

- **Lowers the broken/powder % in final products**
- **Lowers the energy cost.**
- **Improves production rate.**
- **Improves palatability**

DOSAGE & COMPOSITION-

On an average 2.5 kg FeedBind is added per MT of finished mash feed meant for pelleting or as advised by Nutritionist / Veterinarian.

Blend of ILLITES and Sodium Calcium Aluminosilicate.

PACKING-

1,5 & 25 KG Bag

HERBAL RANGE

GoldLiv (Herbal Formula For Liver Health)

BENEFITS-

- To combat toxins. Controls aflatoxicosis.
- To improve the body resistance.
- To attain uniform growth and sexual maturity.
- To boost up liver.
- To check leg weakness.
- To improve feed conversion.
- To have better livability.

DOSAGE & COMPOSITION-

Orally through water as stated below.

Poultry

Chicks	: 5 ml/gm/100 Birds/Day
Growers	: 7.5 ml/gm/100 Birds/Day
Layers	: 10 ml/gm/100 Birds/Day
Broiler Starter	: 10 ml/gm/100 Birds/Day
Broiler Finisher	: 10 ml/gm/100 Birds/Day

1.5 KG-2 KG/MT Feed or as advised by Nutritionist/Veterinarian.

Carduus marianus, Tephrosia purpurea ,Cichorium intybus, Picrorrhiza kurroa, Phyllanthus niruri ,Eclipta alba, Boerhaavia diffusa, Andrographis paniculata ,Solanum nigrum, Terminalia chebula.

PACKING-

1 KG PACK

5 KG PACK

25 KG PACK

HealthTotal

(Herbal Immune Booster & Promotes Immunoglobulins IgG Count & Immunity)

BENEFITS-

- Natural way to protect from stress.
- Helps in improving immunity & growth.
- Helps to promote feed and nutrient absorption.
- Reduces recovering period.
- Improves vaccination efficiency.

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Calendula, Tinospora, Withania, Azadiracta, Panax ginseng, Ocimum, Piper longum, Emblica, Arnica, Echinacea purpurea, Calcium Carbonate, Zingiber

PACKING-

1,5 & 25KG Bag

SuperHealthTotal

(Powerful Herbal Immune Booster & Promotes Immunoglobulins IgG Count & Immunity)

BENEFITS-

- Excellent solution for Immunity Disorder.
- Essential for blood corpuscle formation, immunity development.
- Contains many minerals in assimilable form.
- Natural way to protect from stress.
- Helps in improving immunity & growth.
- Helps to promote feed and nutrient absorption.
- Reduces recovering period.
- Improves vaccination efficiency.

DOSAGE & COMPOSITION-

Broilers, Layers/Growers, Chicks : 500 gms per MT of Feed, Starter & Grower Feed, Finisher Feed or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25KG Bag

SuperWormProtect

(Powerful Herbal Solution For Deworming)

BENEFITS-

- Neutralise and expell Tape Worms, Round Worms, Thread Worms and Hook Worms in a natural and stress free way.
- Reduces Mortality Rate.
- Completely safe and free from any negative side effects.
- No drop in production
- Cost effective

DOSAGE & COMPOSITION-

Layer Birds : @ 500 gm per Ton of feed - 3 days continuously

Broiler Breeders : Growers (0-3 weeks) - 500 gm/Ton ; Growers (4-8 weeks) - 750 gm/Ton

Over 8 weeks - 1000 gm/Ton – 3 days continuously
or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25KG Bag

EggMax

(Herbal Solution for Higher Egg Production)

BENEFITS-

- **Helps to stimulates ovaries**
- **Improves egg quality, egg production, egg uniformity by maintaining balance between albumin and yolk content.**
- **Fewer egg shell cracks enhances the hatch rate.**
- **Avoid post peak drop in egg production.**
- **It is enriched with egg boosting feed additives.**
- **Contains natural extract to help enhance yolk color.**
- **Fortified with minerals and vitamins for improved egg nutrition.**
- **Increase fertility and hatchability.**

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Yeast Complex,Zinc fortified with other minerals viz. (Chromium),Flexseed,Terminalia arjuna,Cichorium intybus, Solanum nigrum

PACKING-

1,5 & 25KG Bag

Coccideter

(Herbal Anti Coccidial)

BENEFITS-

- Improves intestinal health
- Improves body weight, production & performance
- Improves digestion and gut functioning
- Improves meat and egg quality
- Improves immunity level
- Improves stress resistance

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Punica granatum ,*Aegle marmelos* ,*Tinospora cordifolia*,*Acacia catechu* ,*Holarrhena antidysentrica*,*Salmalia malabarica*,*Trachyspermum ammi*,*Calotropis procera*,*Zingiber officinalis*,*Berberis aristata*

PACKING-

1,5 & 25KG Bag

SuperCoccideter

(Powerful Herbal Anti Coccidial)

BENEFITS-

- Terminates all species of coccidial without causing any negative side effects.
- Specific focus on the intestinal tract immunity development.
- Improves intestinal health.
- Improves body weight, production & performance
- Improves digestion and gut functioning
- Improves meat and egg quality
- Improves immunity level
- Improves stress resistance
- Does not allow the ingested coccidial to penetrate the linings of the intestine & further

DOSAGE & COMPOSITION-

Broilers : 500 gms per Ton of Feed

Broiler Breeders / Layers : 0-3 weeks (500 gm/Ton), 4 to 14 weeks (750-1000 gm/Ton – to be adjusted for restricted feeding) or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25KG Bag

CufFree

(Herbal Respiratory Formula)

BENEFITS-

- **Keep mucous free respiratory tract**
- **Strengthen respiratory tract**
- **Ease breathing**
- **Immunomodulator**
- **Anti-stressor**
- **Growth and weight gain**

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Eucalyptus globulus, Achorus calamus, Adhatoda vascka, Glycyrrhiza glabra.

PACKING-

1,5 & 25KG Bag

SuperCufFree

(Powerful Herbal Respiratory Formula)

BENEFITS-

- Works as an bactericidal & expectorant and helps build mucosal immunity.
- Beneficial in controlling pathogens and improves lung score.
- Keep mucous free respiratory tract
- Strengthen respiratory tract
- Ease breathing
- Immunomodulator
- Anti-stressor
- Growth and weight gain.

DOSAGE & COMPOSITION-

Layers/Growers,Chicks : 250-300 gms per Ton of Feed, 15 days a month continuously

Broilers : Pre-starter / Starter 250-300 gms per Ton of Feed, Finisher 300 gm per Ton of feed

Piglets/Pigs : 350-750 gms per Ton of feed

Broiler/Layer Breeders : Growers (0-3 weeks) - 250 gm/Ton ; Growers (4-8 weeks) - 350 gm/Ton ; Over 8 week - 500 gm/Ton or as advised by Nutritionist / Veterinarian.

PACKING-

1,5 & 25KG Bag

LysiHerb

(Herbal Source For Lysine)

BENEFITS-

- **Helpful in optimum cell synthesis hence it provides basic building blocks for newer cells.**
- **Improves metabolism & feed utilization ratio and results in better feed conversion, growth and productivity.**
- **Enhance effective weight gain & better quality of eggs in Layers.**
- **Enhance Body resistance & Immunity.**
- **Healthy digestion, energy production & detoxification.**
- **Improves liver functioning.**

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Oryza sativa, Andrographis paniculata, Azadirachta indica, Ocimum sanctum.

PACKING-

1,5 & 25KG Bag

DeoxyPlus

(Herbal Antioxidant)

BENEFITS-

- It is free flowing and gets evenly distributed in the feed & is cost effective.
- It prevents free radical formation in the feed.
- It absorbs any free radicals that are formed & prevent propagation.
- It ensure thorough and complete diffusion dispersion in feed.
- It increases feed efficiency.

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Emblica officinalis, Citrus limon, Citrus sinensis, Ocimum basilicum, Carica papaya

PACKING-

1,5 & 25KG Bag

AgpPlus

(Herbal Formula For Gut & Intestine Health)

BENEFITS-

- Good to scavenge oxygen free radicals
- Good for better egg yield and quality
- Good to protect from risk of harmful parasites.
- Healthy G.I.T management.
- Good for healthy gut functioning
- Good to stimulate respiratory system
- Good to maintain immunity and resist stress

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist / Veterinarian.

Spearmint, Oreganum, Coriandrum sativum, Turmeric, Ginger, Onion.

PACKING-

1,5 & 25KG Bag

HeatProtect

(Herbal Anti Heat & Stress With Growth Promoter)

BENEFITS-

- **Natural energizer**
- **Supports stress adaptation**
- **Maintains acid-base balance**
- **Reduces mortality rate**
- **Helpful in various stress like cold, hot & oxidative**
- **Adaptogen**
- **Helps normalize glucocorticoid levels**
- **Detoxifier**
- **Improve FCR**

DOSAGE & COMPOSITION-

Mix 1-2 Kg per MT of prepared feed or as advised by Nutritionist/ Veterinarian.

Mangifera indica, Mentha piperita, Ocimum basilicum, Withania somnifera, Bacopamonnieri, Emblica officinalis, Convolvulus alsinoides.

PACKING-

1,5 & 25KG Bag

C Total

(Rich in Vitamin C)

BENEFITS-

- **Better hatchability & fertility in breeder birds.**
- **Useful as an antioxidant & free radical scavenger.**
- **Complete antistress manager.**
- **Helps in maintaining cellular health.**
- **Excellent enhancer of Immunity through phagocytic activity & formation of antibodies.**

DOSAGE & COMPOSITION-

100g per ton of feed or as advised by Nutritionist / Veterinarian.

Citric limon, Psidium guajava, Emblica officinalis, Citrus sinensis, Spearmint

PACKING-

1 KG Pack
5 KG Pack
25 KG Pack

MetHerb

(Herbal Source For Methionine)

BENEFITS-

Natural & very stable compensates the marginal deficiency of protein in the feed usage.

For optimizing growth, for better FCR, to optimize egg production & egg size in commercial layers & breeders.

Improve Vitality.

Better bioavailability and economics.

DOSAGE & COMPOSITION-

It replaces the usage of synthetic dl-Methionine.

1.5kg/ton of feed or

To be included feed as per advise of Nutritionist / Veterinarian.

Asparagus recemosus, Andrographis paniculata, Zea Mays, Ocimum sanctum

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack

CholHerb

(Herbal source for Choline)

BENEFITS-

- To maintain secretion of bile at optimum levels and to help prevent liver enlargement, fatty infiltration of liver and fatty liver condition.
- To maintain growth, FCR, egg production, livability and hatchability.
- To provide optimum quantity of Natural Choline required to maintain health, production and to control fatty liver syndrome.
- To maintain optimum mobilization of hepatic fat and transportation of lipids from liver to adipose tissue.

DOSAGE & COMPOSITION -

**500 gm can replace 1 kg of synthetic choline chloride or
To be included in feed as per advise of Nutritionist / Veterinarian.**

**Ocimum sanctum, Andrographis paniculata, Silybum
marianum, Glycine max, Azadirachta indica**

PACKING-

**1 KG Pack
5 KG Pack
25 KG Pack**

HerbCal

(Herbal Source Of Calcium)

BENEFITS-

- Replenishes the daily loss of calcium thus maintains, optimum milk production.
- Provides nutrition to fetus & animal for healthy pregnancy.
- Increases fat percentage and S. N. F. of milk.
- Ideal for improving fertility and breeding efficiency.
- Helps in efficient utilization of absorbed nutrients to produce more milk
- Improves health & vigour.

DOSAGE-

Orally through feed or as drench.

Adult lactating animals:

50-100 gm/day

30-50 gm/day

1.5 to 2.5 kg/MT Feed or as advised by Nutritionist /

Veterinarian.

PACKING-

1 KG Pack

5 KG Pack

25 KG Pack
